To Whom It May Concern:

I am happy to provide this letter of recommendation for Stellar Restoration Services, LLC.

Stellar Restoration was hired to restore/renovate the exterior and replace the roof of our warehouse facility located in Jackson, Mississippi. The contract date was January 16, 2014 in the amount of \$714,741.81. Stellar Restoration performed first class work, their attention to detail and knowledge of the construction process was exceptional. The project was completed in a timely manner, within budget, and exceeded our expectations. I would recommend Stellar Restoration to anyone in need of a Restoration and Roofing Contractor.

If you have any questions or would like to discuss the project in greater detail feel free to contact me at 601-373-4162.

Respectfully,

*Brad Fountain*
