Anyone that ever has the opportunity to work with Stellar Restoration will be wise to do so. After a huge hail storm in late March, we had our first insurance claim after 25 years. Seemed like we were approached by every roofer in the country and didn't consider any of them until Robert and Chris with Stellar showed us what they do. I am a retired insurance agent and my husband a general contractor so we know both sides of the situation and were both impressed. We have 10 buildings in our complex so this was not a job for a residential roofer.

They did so much prep work before the adjustor came out so all he had to do was verify the damage. It all went like clockwork just as the restoration itself. Everyone in the company is very specialized which is why it works so well. From Michael, one of the owners who likes to be on the job site, to Nathan, Robert, Chris, Sonny, Amanda in the office and every guy in the 14 man crew, all were so respectful and helpful, explaining things as they went. It seemed more like working with a big family than a big corporation and we've come to think of them as friends.

Kudos to Stellar Restoration – Y'all are the best!!

Sincerely pleased,

Jan & David Mabry
