It has been an extreme pleasure to work with Stellar Restoration on more than one restoration project. We first met Andrew who not only answered every question that we had for him (which were a lot☺) but he was also very upfront and honest. Andrew, Chris, Rick, and Michael all stopped in just to touch base. They were never pushy like other contracting companies but very dependable, extremely courteous, and well educated in every aspect that their company offers.

They have done such wonderful work and in a timely manner keeping us in the loop of the goings on for the entirety of the project. Sunny, the foreman for our projects was such a respectful gentleman, who you can see takes much pride in the work he and his crew accomplishes for Stellar. Amanda is a delight to work with as well. She is always there to help, as they all are. I cannot say enough positive things about Stellar Restoration. You can tell they enjoy what they do and who they work with. I have come to think very highly of this group of individuals and would consider them friends rather than business acquaintances. I will absolutely recommend them!

Thank You! Thank You! Thank You! for making these restoration projects such a smooth and yes! a delightful process.

God Bless each of You in all you do!
